

How To Get To The Garden Theatre At Knackershole Barn

Experience has shown that use of GPS satellite navigation equipment alone results in errors mainly because popular systems use a postcode as destination input. The postcode for Knackershole Barn covers a large area and we urge visitors to follow a few directions and sign posts which will be deployed at strategic junctions prior to performances. Failure to observe this may lead to long reverses in country lanes and considerable inconvenience to our neighbours and fellow theatre goers walking from the car park on a narrow lane.

Knackershole Barn is situated in the hamlet of West Knowle which is a little over two miles South West of Dulverton, Somerset. Please use the Car Park which will be signposted.

From Dulverton, cross the bridge and turn right after a few hundred yards towards South Molton. Continue for two miles and West Knowle is on the right hand side just after a sign for "Ylem"

From the South, take the A396 towards Dulverton and immediately after Exebridge turn left towards South Molton. After just over two miles turn sharp right (Calor Gas sign on left) and West Knowle is in front of you after half a mile.

From the West (South Molton) follow the signs towards Dulverton and turn left at the Calor Gas sign.

From the North West (Exmoor) go to East Anstey, pass "Blakes Coaches" on your left and then, turning left in Oldways End, continue towards Dulverton turning left at the Calor Gas sign. Do not go down the narrow lane to the left of Blakes Coaches. This is the lane we ask you to avoid.
